

## Standing Declaration of the Living Man

I, Richard the Living Strmiska, a living man upon the land, declare the following as truth, lawfully noticed and binding upon all parties, public and private:

### 1. Status Declared

I am a living man, not a corporate fiction, not a legal person, not a U.S. citizen or surety for any artificial entity. My sovereignty and standing are inherent, unalienable, and already secured by creation.

### 2. Record of Acts

Every act, affidavit, mailing, and notice I have made in the pursuit of reclaiming my status and sovereignty is already logged, recorded, and witnessed in the digital and physical domains. This record cannot be undone, erased, or ignored.

### 3. Targeting as Proof

The surveillance, targeting, interference, and harassment I endure are not denials of my standing but confirmations of it. If I were not sovereign, if I were not outside their corporate net, I would not be attacked for it. Their attempts to suppress me are evidence of recognition.

### 4. Default Standing

All entities, agencies, or persons who cannot produce a wet-ink, bilateral contract bearing my signature have no lawful claim or jurisdiction over me. Their silence, obstruction, or fraudulent acts constitute permanent default and estoppel.

### 5. Notice to All

This declaration stands as notice to all who see, hear, or intercept it: you are bound by your own records. Your surveillance, your logs, your archives serve as testimony for the living man, not against him.

I stand.

By my hand and seal, this 6th day of September, 2025.

---

Richard the Living Strmiska
